

## WASHINGTON HAS LOST HOPE FOR SAFETY OF FOREIGNERS IN PEKIN

### ALLIES WILL ADVANCE ON PEKIN AT DAYBREAK TOMORROW MORNING

Gen. Chaffee Lands with the American Reinforcements  
and Will Join in the March Against  
the Chinese Capital.

### REPORTS THAT MINISTERS ARE ALIVE

All the American Missionaries at Pao Ting Murdered  
by the Boxers—News of Massacre Sent to  
State Department by Consul Goodnow.

Tien Tsin, July 28.—[Special Cablegram]—The allied forces will start on their march for Peking at daybreak.

The army comprises 23,000 well armed and trained soldiers, fourteen big guns, besides artillery of smaller calibre.

Gen. Chaffee and the American reinforcements from the Philippines have landed and will join in the advance.

Gen. Chaffee in Command.

Washington, July 28.—[Special Telegram]—The War department has been notified that the Grant has landed with Gen. Chaffee and that a start will be made with the allied army early tomorrow morning.

The department believes that the last reinforcements ordered from the Philippines—two battalions of the Fourteenth Infantry and a battery of the Sixth Artillery, about 900 men in all—have arrived at Tien Tsin.

If the splendid marine force under Gen. Waller is placed under Chaffee's command, that officer will have altogether 4,200 troops. In addition to this force, about 3,000 regulars are under orders, some of whom are on the way to China, so that altogether the United States should have a respectable contingent in the international column when it starts for Peking.

No confidence is placed in the stories from Chinese sources that the foreign ministers are still alive.

More Chinese Safety Reports.

Washington, July 28.—[Special Telegram]—The Secretary of State has received a dispatch from Consul Fowler at Chefoo dated at midnight, July 26, saying: "This morning by request the allied admirals wired to Gov. Yuan their wish to get news from the ministers themselves. The governor now replies: 'I have received today an edict from the emperor saying that the ministers are well. They are sending provisions to the legations. Am confident that the ministers are out of distress and request you to transmit this preliminary announcement to the admirals.' signed P. T. Yuan, governor."

In the latter dispatch dated at one o'clock, July 27, Fowler says: "Another telegram from Governor says: 'I have just received an imperial edict saying that the various ministers excepting the Germans are well and that some days ago they had supplied provisions to the legations.' I am satisfied the ministers are out of distress."

Li Hung Chang Says They Are Safe.

New York, July 28.—[Special Telegram]—The Tribune this morning prints a dispatch from Li Hung Chang saying: "Peking reports ministers alive. Safety assured. Allied forces entrance to Peking is unnecessary."

War Grows in the North; St. Petersburg, July 28.—The Russian general staff has received news from Aigun, on the Amur river, of the burning by Chinese of an encampment there occupied by Russians.

Newspaper dispatches assert that Chinese troops have appeared in Russian territory, within 100 versts of Stetinsk, on the river Shilka.

Tung Fu Siang Emperor

London, July 28.—[Special Cablegram]—The Chinese minister says Tung Fu Siang has taken Prince Tuan's place as usurper of the throne, and that the powers should use him as an internecine in procuring the release of the ministers.

He was asked if they were held as hostages, and he said he could not answer that, but the allies should work with the throne in their efforts to subdue Tung Fu Siang. He characterized the German emperor's speech as "Japanese christianity."

Washington, July 28.—Advices received today from China indicate that the following named American missionaries have been murdered by the Boxers at Pao-Ting:

SINCOX FAMILY.  
TAYLOR, MR. OR MRS.  
PITKIN, MR.  
GOULD, MISS.  
MORRILL, MISS.

Of the American missionaries in Shantung province, all except those who went to Peking for safety are believed to have been rescued. Those who took refuge at the Chinese capital share the fate of the legation, and today there is but slight hope that any of them will get away alive. In this party, belonging to the American board of foreign missions, are believed to be:

SMITH, ARTHUR H.  
SMITH, MRS. ARTHUR H.  
WYCKOFF, MISS GRACE.  
WYCKOFF, MISS GERTRUDE.  
CHAPIN, MR.  
CHAPIN, MRS.  
CHAPIN CHILDREN.

The news of the murders at Pao-Ting came in a message from Consul General Goodnow at Shanghai as follows:

"An official telegram received here on the 18th said that all foreigners and many native christians had been killed at Pao-Ting; the missions burned; Americans: Sincox family, Taylor, Pitkin, Misses Gould, Morrill.

All Dead at Pao-Ting

London, July 28.—In missionary circles at Shanghai, according to a dispatch received here today, it has been learned that all the missionaries at Pao-Ting in the province of Pe-Chili, have been murdered. All of the people of the mission at Amoy, Province of Fo-Kien are reported well.

Eight Days of Massacre.

The Daily Express has the following from Chefoo, dated July 27:

"Four more British missionaries have been murdered in the Province of Shan-Si. News from native Christian sources say that for eight days a general massacre of foreigners has been in progress in the provinces of Ho-Nan and Shan-Si. The governor of Shantung has wired the consul here that he has prohibited the circulation of a proclamation threatening native Christians with death unless they renounced Christianity."

All Murdered at Pao-Ting Fu.

Toronto, Ont., July 28.—The China Inland mission received the following cablegram from Shanghai this morning:

"All missionaries murdered at Pao-Ting Fu."

The China Inland mission has two missionaries stationed at Pao-Ting, in the Province of Chihli, which is just about the same distance from Peking as is Tien Tsin, but further inland. These missionaries, Mr. and Mrs. Bagnall, have undoubtedly perished with one or more of their three children.

DEEP-LAID PLOT.

Sheng Trying to Conceal the Date and Manner of Peking Massacre.

London, July 28.—The Daily Mail's Shanghai correspondent wires that the proposal made by the Chinese government to the American consul through Sheng that hostilities against the Chinese should cease upon the condition that the foreign ministers are sent under escort to Tientsin appears to be part of a deep laid plot to conceal the date of the massacre and the duplicity of the officials who, being in possession of the news, suppressed it. Their story will be that the ministers all left Peking under a strong escort, but were set upon by a mob of Boxers, and we shall be told that, although the Chinese soldiers fought bravely, they were overcome and all massacred.

THIRTY-THREE of the Kings Daughters of the Baptist church enjoyed a picnic at Crystal Springs yesterday afternoon. An elaborate picnic supper was served and a delightful time reported.

### ROAST BEEF HAS GONE UP

Chicago Packers Advance Prices Owing to War in the East

Chicago, July 28.—Prices on corned and roast beef went skyward yesterday, advancing from \$1.25 to \$1.50 per dozen for one pound cans. This is the largest advance ever made by Chicago and western packers at one jump.

The cause of the advance is the large demand for these goods by the United States government and foreign powers. When war was declared between the United States and Spain in April, 1898, the packers and their agents throughout the world had 20,000,000 pounds of corned and corned beef stored. This was quickly disposed of to the government, and the packers began to replenish their stocks at their various warehouses.

Aided by War in Africa.

Before this was completed the British-Boer war drew heavily upon the meats stored. England could not get her regular supply from Australia, owing to the drought which had killed off many cattle. Then before they had time to stock up again with these commodities the Boxer trouble brought heavy demands from Japan and China. Besides this the packers have been compelled to supply Cape Nome and Klondike with about 2,000,000 pounds of roast and corned beef.

This exhausted the stock but with the heavy demand at present which they cannot fill except as they get the live cattle and kill them, forced them to advance the prices so that they could protect themselves for future deliveries.

### HANNA AND JONES IN GOTHAM

Storm Center of National Politics Is Now in the East.

New York, July 28.—New York becomes the storm center of national politics today through the presence here of many of the most prominent leaders of both political parties. Senator Hanna and his associates were in consultation at the republican headquarters in the Metropolitan Life building, and Senator James K. Jones came to consult with the state leaders, who, he says, will be left in charge of the democratic campaign work in this section.

Senator Hanna had a conference with Senator N. B. Scott of West Virginia, Joseph H. Manley of Maine, Frederick S. Gibbs of New York, and Cornelius N. Bliss, at which formal matters connected with the opening of the campaign were considered.

Senator Scott, who has charge of the speakers' bureau at republican national headquarters, has sent telegrams to ex-President Harrison, ex-Speaker Thomas B. Reed, Speaker Henderson, Senator Allison of Iowa, Senators Lodge and Hoar of Massachusetts, Senator Mason of Illinois, and others. All the messages were to the same effect, requesting the recipients to make a few speeches in Maine before the state election in September. Senator Scott said a large republican majority in September was desired for its moral effect.

Senator Jones when asked what he thought of the failure of the gold democrats to nominate a third ticket, replied: "Why, I think that means that a number of gold democrats will vote for Bryan. I don't see what other way."

## FRANTIC NEW ORLEANS MOB TWELVE KILLED IN RIOTS

Effort to Take the Black Murderer Charles,  
Costs Three Lives and Mortal  
Wounds to Four Others

### NEGRO DESPERADO SELLS HIS LIFE DEARLY

House Set Afire to Rout the Outlaw—Mob Empties Revolvers into His Body—Governor Has Called Out Militia—Excitement Intense Today.

New Orleans, July 28.—[Special Telegram]—The twelfth victim of the reign of terror, Corporal Lally, died this morning at 4 o'clock. Six fell from the shot fired by the desperado Charles, and the mob dispatched three negroes. The Parish prison is full of rioters. Affairs were quiet this morning, and the authorities announce that they have the situation well in hand. The negroes are kept off the streets.

Negro School House Set on Fire.

New Orleans, July 28.—[Special Telegram]—A mob has set fire to a negro school house in the Saratoga street district. The entire neighborhood is threatened, as the buildings are small wooden affairs.

The Louisiana field artillery guards the parish prison with two Gatling guns at the entrance and a double cordon of the militia surrounds the square.

An attack has been threatened against the jail, where five negro prisoners, taken on the Saratoga street premises, are confined.

Troops Are on Duty.

The tragic scenes here make it almost certain that both the 500 special officers and the 1,500 militia will be kept in service at least until Monday.

August Thomas was identified today as the negro who met a violent death at the hands of hoodlums Wednesday night at Custom House and Villers streets. Thomas was a laborer employed by the New Orleans City Railroad company to lay tracks.

Taylor, one of the negroes who was shot and clubbed at the French market Wednesday night, succumbed today to his wounds. He never regained consciousness sufficiently to make a statement.

NEGRO SELLS HIS LIFE DEARLY

Maddened Mob Pursues Him Into a House and Smokes Him Out.

New Orleans, July 28.—Robert Charles, the negro who on Tuesday evening killed two police officers and badly wounded a third was smoked out of his hiding place last evening, shot to ribbons by a mob of 25,000 frenzied people and trampled into an unrecognizable shape, but before death came to him he had sent four more persons to death,

fatally wounded five others and left more or less serious proofs of his marksmanship upon three others. As a result of today's riots the killed are:

The Dead.

BATES, WILLIAM, shot by Robert Charles; died in the hospital.

BLOOMFIELD, ALFRED P., a young boy, shot by Robert Charles.

PORTOUS GABRIEL, police sergeant, shot by Robert Charles.

VAN KUREM, ANDREW, police jailkeeper, shot by Robert Charles.

CHARLES, ROBERT, shot and trampled to death by the mob.

SILAS, ———, mulatto, shot by the mob.

UNKNOWN NEGRO, stabbed to death by residents of the French quarter.

The Wounded.

BANVILLE JOHN, fatally shot by Robert Charles.

EVANS, FRANK H., former policeman, shot in the head by Robert Charles.

LALLY, JOHN P., police corporal, fatally shot by Robert Charles.

LYONS, GEORGE, club man, shot by Robert Charles; recovery doubtful.

LECLERC, A. S., member of posse, shot twice by Robert Charles; may recover.

SEVERAL NEGROES, names unknown, assaulted by small mobs in various portions of the city.

Sold His Life Dearly

The succession of tragedies which began Tuesday evening when Charles killed Captain Day and Patrolman Lamb and badly wounded Officer Mora came to a terrible climax. Charles was finally run down and killed, but he sold his life dearly. Six men had preceded him to death before the mob had the opportunity of dancing on his mangled body.

The tragedy was one of the most remarkable in the history of the city, and 20,000 people, soldiers, policemen and citizens, were gathered around the square in which Charles was finally put to death. Tremendous excitement reigned in New Orleans as the battle went on between the police and citizens and the negro with his winchester.

The Right Man Killed.

After the tragedy was over and Charles was dragged from the mud and slush in which he had fallen, with the mob howling for the burning of his body, statements were made that the man killed was not really the desperado who had killed Day and Lamb, but papers found on his person and the fact that he fought so desperately for his life and shot so accurately seem to leave little doubt that the right man was killed.

## FRAUD IN THE CONGER CABLE THE CHINESE HAVE OUR CODE

Consul Goodnow Sends Word That Sheng, the Director  
of Telegraph, Gives The Contents of  
The Message.

## IT WAS NOT A REPLY TO SECRETARY HAY

Indications Seem To Point That the Worst Has  
Happened in Peking and the World is  
Preparing to Go to War with China.

Washington, July 28.—Amazing and disheartening news reached the American government today. Chinese duplicity has at last overreached and exposed itself. The mystery of Peking now takes on a more sinister aspect.

The State department was today placed in possession of truth that Yuan Shi Kiah, governor of Shantung, and Sheng Suan Hwai, director of Chinese telegraphs and railways, knew the contents of the first Conger dispatch before that dispatch was received and published in America.

Goodnow Sends the Proof

This proof came in the form of a dispatch from Consul Goodnow at Shanghai saying he had seen a letter from Yuan Shi Kiah in the hands of a Chinese official, in which it was stated a telegram had been sent from Conger to Washington.

The letter then proceeded to quote the exact words of the Conger dispatch, "In British legation under continuous shot and shell of Chinese troops," etc. This letter bore the date of the 19th, about the time the dispatch in question was supposed to have passed through the hands of Yuan, and before its receipt in Washington.

Most Discouraging News.

"This is the most discouraging news we have received in a long time," said a high official in the state department today. "It shows that Yuan and Sheng could have prepared the so-called Conger dispatch, for ability to read it shows ability to write it. We have never unreservedly credited the Conger dispatch. Now we can place no confidence in it whatever."

A Cruel Deception.

"We have before us almost conclusive evidence that Yuan and Sheng, the very men through whose hands have come all our more recent encouraging information, themselves concocted the Conger message and worked that cruel deception off on the world. If they did not concoct it, it was an old message which they had held up and which they proceeded to send off with a new date."

All Chinese Reports Worthless.

"We cannot escape one or the other of these conclusions, and either one convicts Yuan and Sheng of playing a game of duplicity unparalleled in the intercourse of nations. The Conger dispatch must go by the board as evidence that our minister was alive the 18th and all the other Chinese reports that have come through Yuan and Sheng must be regarded as worthless."

Washington, D. C., July 28.—War between China and the powers is regarded here now as a possible outcome of the present situation. This government, while continuing to maintain the theory that the imperial government is in no way implicated in the anti-foreign uprisings in China, is prepared at any moment to abandon this position and regard the Chinese empire as an enemy. The state department continues to receive Minister Wu as the accredited representative of a friendly power and to receive his communications as genuine and entitled to respect. At the same time the army and navy are prepared to act with the forces of the other powers against all opposition in China, whether from Boxers and insurgents or from the army of the Chinese emperor.

Are Drifting Toward War

Members of the administration are reluctant to discuss the possibility of a general declaration of war by the powers against China, but, at the same time, it cannot be concealed that matters are drifting in that direction. If the other powers should declare war the president would at once call an extra session of congress and the subsequent policy of the United States would be determined by the law making department of the government.

Not Entitled to Commander.

The position of this government on

the question of the selection of a commander in chief was clearly stated this morning by a member of the cabinet. It is expected troops of the United States will act under the command of any officer selected by the senior officers of the international forces as best qualified to command.

The American forces must act as a unit, however, and all communications from the commander in chief and the American commander must pass through the American ranking officer. This government is not entitled by the size of its force nor by the rank of its commander to insist upon the selection of Maj. Gen. Chaffee for the supreme command as a matter of right.

Believe All Are Murdered.

It is the general opinion here, arrived at reluctantly by the officials of the state department, that all of the foreigners in Peking have been murdered. The opinion has been reached in only the last two or three days and by degrees.

Kaiser's Plan for Unity.

Berlin, July 28.—It is reported that Emperor William has written letters to Queen Victoria, Emperor Nicholas, Emperor Francis Joseph and King Humbert, making a strong appeal on behalf of the maintenance of harmony among the powers against China, and dwelling strongly upon the solidity of interests against the "yellow peril," by which all are threatened. The Vorwaerts, which declares that the kaiser is secretly preparing for a much larger force in China says that this is being brought about by a second appeal within the regiments composing the army for volunteers, to serve in the second China corps.

PRINCE TUAN IS REPORTED SLAIN

He Was Shot in a Disastrous Battle Near Peking

Shanghai, July 28.—It is reported there that a large section of the "boxers" has revolted against Prince Tuan, alleging that he is making tools of them for his own ends. A desperate conflict took place outside of Peking Sunday. Prince Tuan personally led his followers, two of his generals having deserted him. The battle lasted several hours and Prince Tuan was defeated and killed.

New York, July 28.—A Washington special to the World says: "The cipher dispatch signed 'Conger,' which was supposed to have been through Wu Ting Fang, the Chinese minister here, is a forgery. The state department, which has regarded the dispatch as genuine, has received absolute proof that it is a fraud."

Berlin, July 28.—The foreign office announces that a stable servant, who was in the service of Baron von Ketteler, has arrived at Tientsin. He says that the British embassy was standing July 9.

A dispatch received here, dated Tientsin, Tuesday, July 24, says: "A messenger who left Peking Sunday, July 15, brought today to the customs officer here news that Prince Ching's soldiers had been fighting Prince Tuan's troops and had been defeated. The foreigners were defending themselves in the northern cathedral, near the forbidden city."

In missionary circles at Shanghai, according to a dispatch received here, it has been learned that all the missionaries at Pao-Ting, in the province of Pechili, have been murdered. All of the people of the mission at Amoy, province of Fokien, are reported well.

LONG DEADLOCK IS BROKEN

Sheldon Nominated By Twelfth District Michigan Republicans.

Calumet, Mich., July 28.—Amid scenes of wild excitement Carlo D. Sheldon was nominated for congress by the republicans of the Twelfth Congressional District last evening. Fifty-six ballots were taken. The final ballot was: Sheldon, 39; Smith, 17; Haire, 7.

## MANY RUBBER TIRES ARE IN USE HERE

THE RATTLE OF STEEL SHOD WHEEL IS STILLED.

Closed Carriages as Well as Buggies, Surreys and Traps Are Equipped with Them—Authorities Say They Have "Come To Stay"—Popularity Is Growing.

All Janesville is riding on rubber tires these days. To estimate the number of rubber tire vehicles in use in Janesville is about as impossible as guessing the correct number of beans that can be poured into a quart jar. There are more buggies and closed carriages with rubber tires in this city than the majority of persons imagine. The liveliness of this city have shown their progressiveness by introducing the rubber tire closed vehicle and there are now many of them in use.

The hard rubber tire is the favorite for every day use and for ordinary vehicles for pleasure riding and business as it is durable and withstands hard usage on all kinds of roads, good, bad and indifferent, such as are found in charming variety in this city.

Old Wheels Remodeled. People who purchase new buggies now always consider the rubber tire feature and few of those who can afford go without the luxury, as it may well be called. Not only are the purchasers of new vehicles securing rubber tires, but owners of the old vehicles have been having them refitted until in the last few years several hundred are estimated to have come into use here.

It is an accepted fact among the carriage makers of this city that the rubber tire has come to stay, that it is the most practical idea for comfort in riding yet discovered, and that it is only a matter of time when every vehicle of value will be equipped with rubber and the old steel rim, with its tendency to noise and jar, will be out of the race and will only be seen on the garbage wagon and the heavy dray.

The rubber not only relieves the rattle and jar of rough pavements and roads, but it prolongs the life of the vehicle in all of its parts and enables the manufacture of them in lighter material than at present. Rubber tires are put on all sizes of wheels and in all sizes of cushion.

Cost of Four Wheels. For the ordinary buggy a seven-eighths inch tread is used. A set of wheels, four in number, of the ordinary size costs about \$40, although there are cheaper grades. For larger and heavier vehicles than buggies the size of tires is all the way from a three-quarter inch tread to a two and a half inch tread. The largest size put on in this city is two inches. The ordinary size for closed vehicles is one and one-half to one and three-quarter inch tread. Buggies are equipped with tires as large as one and one-eighth inch, although this is an uncommon size. A two inch tread tire is about as large as the ordinary bicycle tire, but is of solid rubber.

Rubber at present is very expensive and costs 96 cents a pound. For the tire of the two inch tread a set of four wheels costs about \$135.

These large sizes are placed on closed carriages, and in the larger cities the fire departments are equipping their hose wagons and other apparatus with tires. That may be the progress made in this city in a few years to come.

In New York and Boston the fire department apparatus is fitted with rubber tires. Rubber has proved a great boon for the ambulance and patrol wagon, especially the former, and it has often been suggested that the combined patrol and ambulance of this city should be thus improved, as patients and injured persons are given a jarring ride on the rough pavements, often when the results may prove serious.

How Tires Are Placed On.

To begin with, the old wheels are disinvested of their steel rims. In place of the smooth rim a steel channel rim is shrunk on to the wooden rim. Into this channel is to be fitted the rubber tire. The rubber comes in long strips, sufficient in length to pass completely around the circumference of the steel channel and allow several inches of rubber to spare. At the base of the rubber tire are two holes that pass completely through the rubber from end to end. Through the holes are passed lengths of steel wire that fit snugly into the holes. Then the rubber is bent round and slipped into the channel, where it fits nicely. Where the ends

of the circle of this meet the rubber is pushed back; or compressed until several inches of the wires are exposed. The ends of the wires are brought together in a clamp-like vise and tension is applied until the wires are drawn very tightly together, squeezing the base of the rubber against the channel. This tension is applied almost to the point, breaking the elastic wire. Finally a heavy current of electricity is passed through the clamp holding the ends of the wires and these are brazed together by the current to form an endless hoop. After the brazing the compression of the rubber is relieved and the ends are pressed back against each other and are cemented. The wires hold the tire tightly to the rim so that it can never be pulled out or loosened, no matter how rough the roads.

The Greatest Show

The great Wallace shows will exhibit in Janesville on Friday, August 3. It was called the "greatest show" in an editorial mention by the Post of Washington, D. C. In part the Post said:

The Great Wallace Show represents all that there is of legitimate worth in the circus business. It is in charge of men who aspire to elevate the tone and purify the atmosphere of the calling, and we believe the thousands who have attended the performances during the past two days will certify that they have succeeded. Not only was the performance up to the highest professional and artistic standard, the menagerie large and varied, and the trained animals of the best, but there was not in connection with the Wallace Show a single one of those discreditable and demoralizing features which have done so much to give the circus a bad name and to discourage the true friends of that otherwise wholesome form of amusement.

## CONDEMN BELoit'S LOCKUP

State Board of Control Says It Isn't Fit To Use.

The State Board of Control has declared the Beloit lockup a disgrace and says the city must improve or an edict will be rendered depriving the city of its use. The city has long been contemplating the improvement of the city jail and will probably not much longer delay the work, which has been deferred because the aldermen are divided on the question of building a new station house or repairing the old building. In the meantime the city is maintaining a jail which the Board of Control pronounces indecent.

## CAINVILLE

Cainville, July 28—Flord Cain was called to Dane Wednesday, to take a position as night telegraph operator at that place in the C. & N. W. depot. His many friends are glad to hear of his good luck, and wish him all manner of success.

Mrs. Mary Casey, nee McGuire, and husband, arrived in town Thursday. Mrs. Casey is a former Cainville girl, who has been teaching in Iowa for the past two years. Her husband is a young business man of Marshall, Minn., where they will reside, and our best wishes will go with them.

William Ward arrived home Tuesday, after an extended trip around the country.

Frank Clark sold a lot of fine lambs to D. Stevens of Evansville Wednesday.

Mrs. Harriet Seger and Miss Ethel Wood of Janesville, are calling on old friends.

Mrs. Andrew Cain is on the sick list.

Mrs. Allie Wood and son Harold, visited her parents at this place Thursday.

Edward Acheson and Warren Cain were sent as delegates to the convention at Janesville Wednesday.

The Ladies' Aid society met at Mrs. Catherine Whitney's Thursday.

Mrs. Ada Blaine and Mrs. Etta Graves of Chicago, are visiting Mrs. Lucinda Brown of Magnolia.

Mrs. Myrtle Burr of Lancaster, and Mrs. Edith Whitney of Beloit, are visiting their mother, Mrs. Catherine Whitney.

Ainslee's Magazine for August

With characteristic initiative, the editor of Ainslee's Magazine devotes the August number to the younger writers of American fiction. Those represented are Stephen Crane, Harry Stillwell Edwards, Brand Whitlock, John D. Barry and Eugene Wood. Stephen Crane's "The Kicking Twelfth" is a battle story, and the vivid picture of the bloody field which he has presented, must convince the reader anew that American literature has cause for regret in the untimely end of this author.

Harry Stillwell Edwards' "The Stirring Up of Billy Williams," is a delightfully humorous story of the South. Brand Whitlock, whom we have known only for his strong political stories, in "The Old House Across the Way," offers a most moving and tender tale. John D. Barry's "At the Shrine of the Idol," is a finished product of fine literary art. The curiosity of the reader will be piqued to know just which celebrated English author is the "Idol" in this very interesting story.

Eugene Wood is as strong and natural as ever in a mixing center story called "That About Laura Hornbaker." Altogether, Ainslee's for August contains some captivating fiction, while the special articles in it are of unusual distinction. Among the latter are "A Talk with President Kruger," by Allen Sangree; "Missionary Work in China," by John Fryer, professor of oriental language and literature in the University of California; "Mark Twain on the Lecture Platform," by Will M. Clemmons, and "Gillette, Actor and Playwright," by Richard Duffy. Besides these are two very humorous contributions, "The Plague of Flies," and "The Defense of Plagiarism." A lyric by Bliss Carman and a jolly ballad by Holman F. Day are the most notable verse contributions to the magazine.

Frank Leslie's Popular Monthly.

The brilliant August number of Frank Leslie's Popular Monthly, which is the regular Midsummer fiction number of this periodical, may fairly be called an epoch-making achievement in ten-cent magazine literature. A summary glance at its table of contents serves to justify this claim. Here in a single number are included stories by F. Hopkinson Smith, A. Conan Doyle, Mary E. Wilkins, Edgar Fawcett, Alix John, Marietta Holly ("Josiah Allen's wife") and R. K. Munkittrick; illustrated articles by the Infanta Eulalia of Spain; Captain Robert E. Lee, and the Rev. W. B. Rankin and poems by Harriet Prescott Spofford, Edith M. Thomas, Samuel McInture Peck, Ethel Morse, Frank L. Stanton, William Hamilton Hayne, Madison Cawein, Henry Tyrrell, Martha McCulloch-Williams, Hattie Whitney, Roy Farrell Greene and Wallace Dunbar Vincent. The contributions of these well known and popular writers are presented with the collaboration of illustrators equally famous, including Albert B. Weizel, B. West Clindinst, Charles Grunwald, Hugh M. Eaton, G. A. Davis, Walter Russell, George Bonawitz, H. O. Edwards and H. S. Eddy.

On Sunday, August 5 the C. & N. W. R'y will run an excursion to Whitefish Bay. Fare \$1.50 round trip.

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen—Our family realize so much from the use of GENESSEE that I feel so much a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GENESSEE I have found superior to any, for the reason that it is solid grain.

Yours for health, C. F. MYERS.

## "NON. COMS." NAMED FOR COMPANY 1.

BENTON E. BROWN IS FIRST SERGEANT.

Elbert Hill Will Continue To Act as the Quartermaster, and the Other Sergeants and Corporals Are Selected—Whole Regiment Is Now Ready for Camp.

General order No. 3, issued by Col. Otto Falk of the First regiment infantry, W. N. G., gives the details for going to camp on August 4 and also announces several new appointments in the Janesville company as follows:

The following original appointments in Co. I are made on examination as provided for in G. O. 3, A. G. O. c. s.:

First Sergeant—Benton E. Brown. Quartermaster Sergeant—Elbert Hill. Sergeants—Herman J. Manthai, Harry E. Collins, Jerry A. Brosman, Jesse M. Dixon.

Corporals—Fred L. Church, Charles Caniff, Fred C. Pierson, William C. Hager, August C. Leudtke, Robert J. Brown.

The local militiamen are all ready for the summer's work. The improvement at the Wisconsin military reservation at Camp Douglas is about finished and the grounds are ready for the First regiment, the first to use them this year, which goes into camp on Saturday, August 4. General Soliday, quartermaster general of the state and in charge of the improvement work, said to a reporter:

Sanitary Arrangements.

"The camps this year will be better from a sanitary point of view than ever before. Instead of the old wooden shacks for kitchens there will be tents that can be taken down to allow the ground to thoroughly wash and dry. Instead of barrels for the kitchen slops each kitchen is supplied with a large sink and running water connected with a sewer that carries the wet slop into a large sink hole a long distance from camp, thus preventing the soaking of the ground by the overflowing of the barrels. A new bath house for the men was constructed last year, and a new one for the officers this year. There have also been new and deeper wells drilled and improved pumps to send the water over the grounds."

The Program of Work.

The First regiment is ready for camp. The program of work this year will be the same as last year with the exception that each battalion will make a practice march, going out one morning and returning the next bivouacking over night. The battalions take turns about in this work. This is a general order from Madison, or as the soldiers say, A. G. O., and applies to all regiments alike. The work is ordered by battalions, one marching, one drilling and one being on the rifle range at one time.

Janesville will be represented by the local company, and Major Joseph B. Whiting Jr., the regimental surgeon.

Homeseekers Excursions Via C. M. & St. P. R'y.

On July 3rd and 17th, August 7th and 21st, Sept. 4th and 18th, good for 21 days, at one fare plus two dollars for the round trip, to points west, south and southwest. For tickets and further information call at C. M. & St. P. R'y passenger depot.

Marry**

And bring children into the world to suffer from an inherited blood taint? People do not realize that foul blood may lurk under a fair skin, and that the fire smoldering in the blood of the parent may break into flame in the flesh of the child. Dr. Pierce's Golden Medical Discovery puts out the smoldering fires of scrofula. It cleanses the blood from disease taints, strengthens the weak lungs, heals the diseased stomach.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Harrick, of Denver, Colorado, N. Y. "Both had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had one in over a year. My younger son had 'crochous' sores on his neck, but has not had any since he commenced to take your medicine."

## SAYS MILITIA HAD ORDERS.

Private Testifies to Events Just Prior to Goebel's Assassination.

Georgetown, Ky., July 28.—In the Goebel assassination trial Private Dudley Williamson, who was a member of the military company which was called out and took charge of the statehouse immediately after Goebel was shot, testified that the members of the company were drawn up in the arsenal that morning prior to the shooting. They were given overcoats and side-arms about an hour before the shooting. George Weaver of Denver, Col., testified he was in Frankfort at the time of the assassination and was just entering the capitol grounds, rear, when the shot was fired. Witness looked in the direction of the executive building and saw the muzzle of a gun pointing from the secretary of state's office.

### Legislator Tells of Plot.

Representative Hampton detailed various conversations with Powers and Taylor previous to the killing. Said the witness: "Taylor said that somebody's life had to be sacrificed. I said, 'Well, if the Governor says so'—and he interrupted me, saying, 'Well, don't say that.' 'I asked Governor Taylor why he did not call out the militia. He said, 'Something will have to be done before I can call out the militia.' The witness said of a conversation with Caleb Powers: 'Powers said that in case Taylor lost his office and Goebel got in he would have him assassinated. 'At another time Powers said he did not intend to do anything more until some line of action was given. He said Taylor wanted him to violate the law, but he was not going to do it. Powers said he would fight until he died before he would give up.'"

Indianapolis, Ind., July 28.—Gov. Mount said he was studying the trial at Georgetown, Ky., closely, and that while he declined to say what action he might take on the requisition for W. S. Taylor and Charles Finley in case Powers was convicted, he said his decision on the requisition was not irrevocable.

A Novel Amusement.

An old negro living in Chapel Hill, N. C., boasts that in his youth he used to earn not a little money by permitting the students at the University of North Carolina in that town to break boards on his thick skull. Among the students who so amused themselves were James K. Polk, in later days president of the United States, and William R. King, who was vice president in the administration of President Pierce.—Baltimore News.

### New Disease.

A new disease has been added to the list of more than 2,000 to which mankind is liable; this is the mountain toothache. The workmen employed in the construction of the railway up the Jungfrau, who have to live at an altitude of 10,000 feet, have been greatly afflicted with toothache and zumbols. The malady resembles a fever in its course, the crisis occurring at the third day; but the disease does not leave any after effects in the form of decayed teeth.

**DROP** of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. ### Panama Is in Mourning.

Colon, July 28.—The liberal rebellion ended after the sacrifice of more than 600 lives, the liberals having been the greatest sufferers. Dr. Mendoza, representing the liberals, and Gen. Alban have arranged for a cessation of hostilities, the Colombian liberals being pledged to surrender their arms and being guaranteed their freedom from prosecution and the retention of all political rights. The foreigners who took sides with the rebels are to be banished within a week. The work of burying the dead on both sides is in progress. Panama has been plunged into the deepest mourning by the loss of many of its most prominent men. On both sides in this conflict the armies were provided with arms of the latest models.

## THIS DAY IN HISTORY.

1833—Commodore William Bainbridge, an American naval officer distinguished in the war of 1812, died; born at Princeton, N. J., 1774.  
1844—Joseph Bonaparte, brother of Napoleon I and ex-king of Naples, died at Florence; born 1768.  
1863—William Lowndes Yancy, a prominent southern leader, died near Montgomery, Ala.; born 1824.  
1870—Hans Christian Andersen, Danish poet and novelist, died; born 1805.  
1882—4,000 lives lost by earthquake in the island of Ichia.  
1891—Samuel Sells, printer, who first put the "Star Spangled Banner" in type, died at Baltimore; born 1800.  
1895—Colonel Alfred M. Wood, "war mayor" of Brooklyn, died in that city; born 1826.

**HOAR'S ESTIMATE OF BRYAN**  
Senator Hoar tells some unpleasant facts about Mr. Bryan's part in the ratification of the treaty of peace after the war with Spain. Bryan went to Washington and labored with the democratic senators, advising them to vote to approve the agreement.

"I know from the opponents of the treaty, with whom Bryan labored and who labored with him, just what he said and did at that time," says Mr. Hoar. "He just put his support of the treaty squarely upon the ground that it was better to keep the issue for the presidential campaign."

In plain English, therefore, he Mr. Bryan wanted the treaty ratified only because he thought it would involve the administration in trouble that would accrue to the benefit of the Bryanites. He hoped only for his own cause, and was willing to involve this country, dishonorably if necessary, in order to serve his own ends. But it didn't work the way he thought it would, and, today, Mr. Bryan is attacking the treaty he labored for.

As Mr. Hoar led the opposition when the treaty was in the senate, he knows whereof he speaks, and his statement is authoritative.

The contrast between these two men is marked. Both were working under a misapprehension. Senator Hoar opposed the treaty because he thought it would injure the nation, and Bryan favored it for exactly the same reason!

"When we kill the natives," writes an army officer now in the Philippines, "we find copies of Bryan's speeches on them and also circulars from their juntas, in which Bryan is termed the 'greatest living American and a friend of Aguinaldo.'" Bryan will not bear down on this fact, however, in his campaign speeches.

Thursday was a gala day at Racine. Thousands of people took part in the street carnival; a water main was broken by a coal scow's anchor; a meeting of German school teachers was held; LaFollette delegates were elected; and there were other evidences of peace, prosperity and progress.

Will the eminent prognosticator, who, in about 1857, predicted that several wars would be fought in 1898, 1899 and 1900, please send his present address to this office? Several Janesville men want him to ruffle their rabbits' feet, and will pay him well for his time.

And now the Chinese government is said to be behind the Boxers. If this is true the Chinese government will need more behind it than it now has before many weeks pass away.

"Celluloid" says The Chicago Journal, "is a more or less esteemed contemporary of gasoline." Correct; and the news distributed thereby is always sensational.

Gov. Roosevelt already has the race won. With Towne and Stevenson against him, the score stands: Roosevelt two up, and the game to play.

The LaFollette landslide is augmented every day. Recent contributors were

Monroe, Juneau, Racine and other counties "too numerous to mention."

The harmony that prevails in the republican ranks these days, is also "viewed with alarm" by the democratic brethren.

Sockless Simpson has been socked by his fellow Kansans. They hooted him down when he tried to speak at Fort Scott.

Li Hung Chang is said to be worth \$400,000,000—not to his Uncle Samuel, however.

Champ Clark bet \$400 on Bryan the other day. Champ appears to be a champ.

And, also, for tricks that are brutal: "The heathen Chinese is peculiar."

Vest Coats is in the clothing business at Herington, Kas. Eh?

New Orleans also appears to have some Boxers.

## LADY CHURCHILL FINALLY WEDS WEST

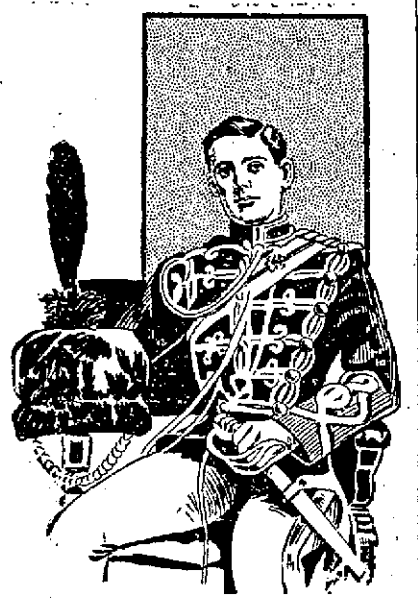

She Was Accompanied to the Altar by Her Son Winston—Simplicity Was the Prevailing Note.

London, July 28.—[Special Cablegram.]—Lady Randolph Churchill and

LADY CHURCHILL.

Lieut. Cornwallis West were married at eleven o'clock this morning in St. Paul's.

WINSTON CHURCHILL.

The bride was accompanied by her son, Winston Churchill. Simplicity was the prevailing note. The church was not crowded.

## LETTER FROM A FARMER.

Mr. Editor:—I voted against McKinley four years ago, by shucks; I'm better off than I ever was in my life. Well, one of them Bryan spellbinders come along to the farm the other day and he says:

"What was yer fix four years ago, friend?"

I told him I was busted without the ready cash to give the rooks a shilling.

"And, friend, he says, 'what's yer fix now?'"

Says I: "Come inside and look around. Well, he seen the inside—piano and carpets and everything spick an' span. 'My, my,' he says, 'you're a going of it. You must be a swimmin'."

"Swimmin' nothing," I says, "I'm out of the water altogether, I'm on dry land, with money in the bank, and the wife and girls smilin' instead of cryin'."

"And, friend," he says, (all these takers calls you "friend"), "who did you vote for last election?"

"Why, Bryan," I says.

"There you are," says he, slappin' me on the back. "Don't you see? You voted for Bryan, and here's the result. Now, my fine feller," he says, hittin' me on the back again and talkin' very quick, "no need to do much arguin' with you. You voted for Bryan, and look round yer. Voted for him again and keep it up. You're on the road to prosperity and an independent fortune. Such men as you, my fine feller, is the backbone of our country," he says. And then he got inter his buggy and drove away in a cloud of dust.

Now, Mr. Editor, I take my pen in hand to find out if this here's the old Crown of Thorns business again on a different tack and whether there are people who still believes that the man who plows the land must be a chump that they can juggle like the circus feller does with the Injun clubs?

It's easy to work up a man's imagination on an empty stomach. Four years ago the mortgage was on the right and left of me, and on the top of my neck and all around me. Suppose you'd been goin' downhill for twelve years and had got to starvation camp. Suppose

you seen the old woman that helped you build the place up goin' around like a dumb thing under a load of debt—not complainin' but jes' slippin' away without none of the necessities—the papers that uster come regular chopped off and the "best dress" a sorry lookin' affair.

And suppose a slick feller come along and talks to you about Crosses of Gold and Crowns of Thorns, and the rich men gettin' richer and the poor gettin' poorer. You'd be apt to listen, maybe, and clutch under the last straw like I did four years ago.

But these spellbinders are talkin' to full stomachs now, and a full stomach makes a quiet, easy reasonin' brain. McKinley ain't no archangel; he can't make the crops grow nor give us the seed time nor the harvest. There's only one can do that. But if the Lord is good to us and sends us a fair crop there's one thing McKinley and his policy can do—make 'em worth the trouble of raisin'.

If a man comes along and sells me a harvestin' machine that's goin' to do wonders, and I find when his back's turned that it's jes' a bundle of scrap iron with pretty paint on the outside of it, why I shets my jaws and says nothing. I know when I'm bit. But when he comes along a second time with a new line of goods—lightnin' rod or potato bug spray, it don't matter what—do you think I'm going to dicker with him any more?

I've got dogs and a hay rake waitin' for that kind of a feller.

I ain't much of a scholar, and I hope I ain't no politician, but what I want to know is: "What's the difference between obtainin' money under false pretenses and obtainin' votes under false pretenses?"

That there question in my mind, sizes up the hull business in a nutshell.

And so no more at present from.

ONCE BIT TWICE SHY.

## CONCORDIA WILL BE REPRESENTED

**SANGERFEST TO BE HELD AT  
BURLINGTON, I.A., AUG. 9-12.**

Prof. Thiele has been actively engaged for the last year training his singers, and he has a choir that he feels proud of—those who will go.

Extensive preparations are being made by the Concordia society of this city to attend the Sangerfest to be held at Burlington, Iowa, August 9 to 12.

Professor Thiele of this city has been actively engaged for the last year training the singers and has a choir that he feels proud of. Those who attend the Sangerfest as representative singers of this society are Philip Reus, C. H. Kueck, E. O. Smith, William Kienow, H. W. Frick, C. W. Wisch, Carl Pabst, Carl Brockhaus, William Ernst, Ed. Kiebow, Harry Robinson, William Lennartz, Fred Kothman, W. T. Thiele being the director.

Besides those who will take part in the singing there will be a number of members go along as representatives of the society. It is expected that about twenty-five members will avail themselves of the low rates offered by the railroads and make the trip.

Delegations are expected from Monroe and other neighboring towns and will meet in this city. They will form a jolly party and will have a good time from start to finish.

## A GREAT DEMAND FOR OPERATORS

Telegraph Offices Throughout the Country Need Skilled Men and Women to Work Wires.

At present there is a great demand for telegraph operators. Valentine's School of Telegraphy is swamped with orders for men and has been for nearly a month. The demand on them for men is greater this summer than it has been any other summer since the school was started twenty-eight years ago. All the railroads in the country are busy and making more money than they have for years. This causes an unprecedented demand for men, especially telegraph operators. Twenty-two orders for men are now on file at the school that they cannot fill. Of the fourteen men furnished to the railroads this month four were men who did not learn with this school. The great crops being harvested all over the entire North-West, with the exception of North Dakota, are working the railroads to their fullest capacity and men for all departments are in demand.

## Y. M. C. A. BAND GOES TO DELEVAN

The Y. M. C. A. band of 21 men will leave for Delevan Lake on Wednesday of next week, to fill an eight and a half day program on the Delevan Lake assembly program. The band will live on their own lot during their stay. A lady from here will accompany them as cook. At the close of their engagement the Juniors of the Y. M. C. A. will go to the same place and enjoy a few days' outing, occupying the same tents left by the band.

## ONE FARE FOR ROUND TRIP.

Railways Give Up Fight and Bryan to Be Notified at Indianapolis.

Indianapolis, July 28.—The difficulty between Parks M. Martin, state democratic chairman, and the Central Passenger association has blown over and there is no longer doubt of Bryan being notified in this city. Yesterday Martin made public declaration that if the association did not make a rate of one fare for the round trip from points in Michigan, Ohio, Illinois and this state, he would declare the notification exercises off. The railroads capitulated this afternoon.

## BOERS ARE FALLING BACK.

It May Be a Dodge to Trap the Enemy.

## RETIRE AS IF IN CONFUSION.

Read Out of Middleburg Said to Have Been Black with Horsemen and Wagons—English Prisoners Released—Methuen Moves on Potchetsroom.

London, July 28.—The war office has received the following dispatch from Lord Roberts:

"French and Hutton continued their pursuit on July 25. The former crossed Oliphant's (Olifants?) river, and from the high ground on the east bank he could see Middleburg and the enemy retiring in great disorder. The main road north was black for several miles with horsemen and wagons. The enemy's rear was then seven miles north. Mounted forces were still west of the river. Night was closing in, the rain was falling in torrents, and so it was impossible to follow. The night was terrible. In addition to the rain a strong east wind made the bivouac most uncomfortable. One officer, I regret to say, died of exposure, and the mortality among the mules and oxen was great. The men made light of hardships and were in famous spirits when I saw them yesterday."

## Released Some Prisoners.

"Hunter has occupied Fouriesburg and, so far as I know, did not suffer loss. He found Mrs. Steyn, wife of the ex-president, and several of our men whom De Wet had captured at different times and whom he was unable to send to Machadodorp."

"The enemy in the Bethlehem hills are now closed in upon. Basutoland is closed to them. Harris Smith is the only line open, and it will not be easy for them to reach there with guns and wagons."

"Broadwood is still watching Christian De Wet, who has taken up a position on high hills near Reitsburg, about seven miles south of the Vaal. P. De Wet, a younger brother of Christian, surrendered at Kroonstad yesterday."

## Replenishes His Supplies.

"Barron reports from Krugersdorp that he has reconnoitered the railway to Bank station, where the train was wrecked on July 19, and has been enabled to replenish his supplies."

"Methuen's column, which reached the Krugersdorp-Potchetsroom railway, is now moving on Potchetsroom. "Buller reports that the railway was opened to Heidelberg yesterday, giving us through communication to Natal."

## Says the Boers Will Not Give Up.

London, July 28.—J. F. J. Archibald, who went to South Africa as a newspaper correspondent and spent two months in the Boer army around Pretoria and later was with the British forces, returned to London from Cape Town Friday. He says it is most erroneous to think the Boer cause is on the wane. "During all my time with the Boers," he said, "I saw no discontent and there was no sentiment but to continue. Lord Roberts declares the war is finished for political reasons, but Generals Botha and Del Rey both declared to me they could easily go on for six months longer."

## Young Elopers Wed in Jail.

Pekin, Ill., July 28.—Richard Smith and Dora Morford, of West Henderson, Ill., are married despite the girl's enraged father. Although Smith is in jail he is happy and laughs at the threats of his father-in-law to shoot him. When the couple reached here Smith was arrested and placed in jail. Miss Morford agreed to an immediate marriage even though her lover was behind the bars. Despite the father's telegram the elopers are happy and are awaiting his appearance.

## Jealous Girl Kills Herself.

New York, July 28.—A woman about 25 years of age, said to be Miss Elizabeth Blair of 3550 Caroline street, St. Louis, committed suicide in the Pennsylvania hospital in this city by drinking carbolic acid. She called to see William A. Dodd, a patient. The chief clerk told her that his fiancée had visited him. "That's funny," she said. "I'm his fiancée, too." She remained in the ward about an hour and later drank poison.

## Krupp Gets Turkish Order.

Constantinople, July 27 (via Plovdiv, July 28).—The sultan has decided to place with the Krupp cannon factory in Germany an order for the armament of ten ironclads. The contract price is £650,000 (\$3,163,200). The estimate of the Armstrong company was £150,000 (\$729,320) less.

## Excursion Tickets to Monona Lake Assembled, Madison, Wis.

Via the North-Western Line, will be sold at reduced rates July 16, 17 and 18, 20, 21 and 22, limited to July 31. A modified certificate plan will also apply on other than the above dates. Apply to agents Chicago & North Western R'y.

## Brings Gold from Australia.

San Francisco, Cal., July 28.—The steamer Alameda, which has just arrived from Sydney, brought \$2,500,000 in gold from Australia. It made the trip in twenty-two days.

**Alleged Coin Makers Held.**  
Chicago, July 28.—Government agents believe they have broken up a small private mint in the arrest of John C. and Louis Callahan, in a shack on the city dump at Eighty-first street and Vincennes road. According to the secret service agents the habitation developed indisputable evidence of the illegal coin-making, but the dies and other parts of all counterfeitfeit outfits were not found. The Callahans are dump-pickers. Both were held to the grand jury, and went to jail.

## Couple Shot at from Ambush.

Huntington, W. Va., July 28.—While out driving in the lower end of this county, Miss Mecca Arthur and Hamilton Runyon were fired on from ambush. A shotgun loaded with slugs was used. Both are seriously injured. Miss Arthur's nose was entirely shot away, disfiguring her terribly should she live. Runyon is from Marion, O., and his attentions to Miss Arthur excited much local jealousy.

## Heat Kills Fish in the Seine.

Paris, July 28.—The heat continues intolerable and the fish are dying in the Seine from the hot water. The sewerage is defective and the inhabitants along the Seine are suffering from an epidemic of typhoid fever. Deaths from sunstroke average twenty daily and there is serious fear of cholera.

## Windmills Give Western Nebraska a Picturesqueness Not Unlike that Credited to Holland.

Ship Trust Not Favored.  
London, July 28.—In anticipation of the options on Oct. 1 the financial agents of the proposed American ship building trust are making strenuous efforts to raise capital in the London market. The attempt to find investors has failed. The British bankers say that they prefer to hold aloof from investing in Yankees until the presidential election has been decided. It is understood that \$15,000,000 is the sum the promoters desire to secure in London, in addition to a similar amount in Paris. Reports to the effect that the United States government frowns on the idea of a trust in warships has operated still further to defeat the American plan in this market.

## The Merrimac to Be Ruled.

Washington, D. C., July 28.—Naval Constructor Hobson's feat of sinking the collier Merrimac in the entrance to the harbor at Santiago was recalled by the decision of the authorities to have the wreck removed, as well as that of the Spanish vessel Alfonso, II., which was sunk near by. The submerged craft interfere with taking vessels in and out of the harbor.

## Run Down by a Train.

Enid, Okla., July 28.—Major J. B. Crump of this city was run down and killed by a train at a crossing last night. Deceased was prominent in politics. He has two sons in the army in Cuba who have just been ordered to China, and has a daughter who is a missionary in China.

## Flames Destroy a Town.

Tacoma, Wash., July 28.—The telephone station at Buckley, Wash., reports at 2:50 this morning that a fire there has caused the loss of 27 buildings, and practically the whole town will be wiped out.

## BRYAN OUTLINES HIS SPEECH.

### Imperialism Will Be the Only Subject Considered at Length.

Lincoln, Neb., July 28.—W. J. Bryan said this morning that in his notification speech at Indianapolis he would follow the plan which he pursued at the notification meeting in 1896.

"The platform of that year," he said, "declared the money question to be a paramount issue and in my notification speech I devoted almost all the time to the discussion of that question, leaving the other questions to be considered in my letter of acceptance and in subsequent speeches."

"This year the platform declares the question of imperialism to be the paramount question, and it will be the only one dealt with at any length in my notification speech. The remaining questions covered by the platform will be taken up in my letter of acceptance and subsequent speeches."

## PLAN TO HELP DRUG TRADE.

Retailers Devise Ways to Stop Cutting of Prices.

New York, July 28.—The National Association of Retail Druggists is considering various plans which will tend to create better condition in proprietary medicinal articles and to put an end to the cutting of prices. It is understood the so-called tripartite agreement between manufacturers, wholesalers and retailers will soon be declared operative.

One of the plans which the association will decide upon will provide that manufacturers of proprietary medicines shall sell only to a duly accepted list of legitimate jobbers. It will be resolved, also, that jobbers shall not sell to too aggressive cutters, and that retailers shall maintain prices and discontinue the rate war which for some time has worked to the demoralization of the drug trade.

## Mexican Troops Evacuated.

New Orleans, La., July 28.—News reached this city of a desperate battle between the Mexican troops and the Yucatan Indians in which the government troops were badly routed and lost heavily. The fight took place at a point about fifteen miles out of San Luis, the capital of the Indian tribe. Details of the battle have not yet reached this port. Gen. Bravo commanded the Mexican troops, and it is said that he had about 3,000 men. The Maya Indians numbered 6,000 warriors.

## Falls Fifteen Feet Asleep.

Norristown, Pa., July 28.—Annie Rose, a servant employed by W. W. Potts at Swedeland, placed her bed at an open window to get the benefit of the draft. During the night she dreamed her mistress called her. She arose, and while still asleep walked out of the window. Although she fell a distance of fifteen feet, the shock the family were aroused by the noise and discovered the girl sound asleep on the lawn under the window. She was uninjured.

## France Protects Its Citizens.

Paris, July 28.—An official of the government is authority for the statement that M. Delcasse, foreign minister, has ordered the French consuls in China to report at once the statistics of French residents in China, so that on the arrival of the French troops at Taku detachments may be sent to the various districts according as the reports show the necessity for protection being afforded the citizens of the French republic.

## Ship Trust Not Favored.

London, July 28.—In anticipation of the options on Oct. 1 the financial agents of the proposed American ship building trust are making strenuous efforts to raise capital in the London market. The attempt to find investors has failed. The British bankers say that they prefer to hold aloof from investing in Yankees until the presidential election has been decided. It is understood that \$15,000,000 is the sum the promoters desire to secure in London, in addition to a similar amount in Paris. Reports to the effect that the United States government frowns on the idea of a trust in warships has operated still further to defeat the American plan in this market.

## The Merrimac to Be Ruled.

Washington, D. C., July 28.—Naval Constructor Hobson's feat of sinking the collier Merrimac in the entrance to the harbor at Santiago was recalled by the decision of the authorities to have the wreck removed, as well as that of the Spanish vessel Alfonso, II., which was sunk near by. The submerged craft interfere with taking vessels in and out of the harbor.

## Run Down by a Train.

Enid, Okla., July 28.—Major J. B. Crump of this city was run down and killed by a train at a crossing last night. Deceased was prominent in politics. He has two sons in the army in Cuba who have just been ordered to China, and has a daughter who is a missionary in China.

## Flames Destroy a Town.

Tacoma, Wash., July 28.—The telephone station at Buckley, Wash., reports at 2:50 this morning that a fire there has caused the loss of 27 buildings, and practically the whole town will be wiped out.

## BOXERS' SECRET SIGNS.

Silent Signals Used by the Chinese Society Now in Revolt.

## THEIR PROOF OF INITIATION.

Ball of Left Thumb Pressed Against Second Finger at Spot Where Pricked—How the Chinaman Uses His Cue in Making Signals—Fighting Signals—Signaling With Teacups.

Whatever else may be said about Chinamen, they are adepts in mystery and secrecy. No other nation is so close mouthed. Secrecy is their watchword. Their whole social organization has a background of mystery. No other nation has so many secret societies and nowhere else are so many secret signals used in daily life.

There is perhaps not a grown Chinaman in the world who does not belong to at least one secret society, and most of them are members of several "Hui," which is the general name they give to such organizations. He is an active member of them all whether he remains in the Flowery Kingdom or makes his home abroad. Wherever they go they carry with them the practice of using deft signals whereby they may silently communicate with each other. But all secrets will out eventually, even though they be those of the closest mouthed people on earth. Thus it happens that a few of the more important ones used by the Boxers have become known outside of the societies using them, and some of them are described in the New York World.

For instance, there is a way for a Chinaman to let a stranger know that he is a member and at the same time indicating his rank in the society, all done in an instant by a simple arrangement of his fingers. "Have you had your hand pricked?" is the question which brings forth this finger sign. Pricking the second finger of the left hand with a sharp instrument is chief among the forms of initiation.

When this question is put to him by a fellow countryman, the member replies "Yes," and at the same time he holds out his left hand with the nail of the thumb pressed against the second finger at the spot where he received his initiation prick. The forefinger is held level with the thumb, while the other fingers are bent against the palm of the hand. The nearer to the palm the prick happens to be the higher the rank of the member. If the prick is on the palm itself it indicates that the member is of the very highest rank.

In order to indicate unmistakably his identity during troublous times like the present in China the member resorts to signs more readily noticed when going out into the streets. One sign of membership is to roll up the right trousers leg or the right sleeve of his jacket, or, if he gets into a crowd where these signs might not be noticed, he may indicate the same thing by holding his right hand over his head with three of the fingers spread out. Still another way is to let the corner of his jacket hang carelessly down inside at the neck by unbuttoning the top button.

The Chinaman's cue, which he makes use of in a thousand and one ways in daily life, comes in handy for making his secret society signals. If a Boxer should be in distress and wanted to call upon his brothers in the hand for assistance, he could get it by "talking through his cue," so to speak. When he signals thus for help, he wears his cue hanging in a loop over his right shoulder, the end brought around the neck and tied in two loose slippers to the loop.

Heaven, "tien," earth, "ti," and man, "jin," are words frequently used by the secret organization, and there is a "pignail" sign for each. "Tien" is indicated by twisting the cue once around the head, crossing it in front and letting it hang in a loop on the left side. When he wants to represent "ti," the member twists his cue twice around his head, crossing on both sides and looping upward on the left side. The sign for "jin" is the same as for "ti," only the cue is looped downward instead of upward on the left side.

One signal for assistance in a fight is to hold out the right hand with the palm outward, at the same time putting the left hand on the breast, the thumb and forefinger bent and the others shut. When it is desired to stop members from fighting, the left hand is kept in the same position, and the palm of the right hand is turned inward.

There are also hand signs for "heaven," "earth" and "man." The sign for "heaven" is made by holding the right hand out with the thumb and forefinger straight and the corresponding three fingers of the left hand on the chest. For "earth" the right hand is held out with the thumb, first and second fingers straight, the other fingers bent and the left thumb and two fingers open on the breast.

In giving the sign for "man" the right hand is held out with the thumb and little finger straight, the other fingers bent and the left hand on the breast. This sign may also stand for "the dragon's head and phoenix tail." These three signs formed in rapid succession mean "I am of the Heaven and Earth society," in other words, a triad.

Another interesting and complicated system is signaling with teacups and saucers and rice bowls during meals. The dishes placed in a great variety of positions upon tables mean a lot of things.

## DECISION MUST BE MADE.

Between National Honor and Dishonor; Ruin and Safety.

Now that the candidates and the platforms of the two parties are before the country the people will instantly make up their minds about them. There is no occasion for a moment's hesitation, no reason for any change of opinion and intention during the progress of the campaign.

Happily, all the trumped up issue of imperialism and the cardhouse structures of pretense erected by men seeking a decent occasion to oppose the reelection of President McKinley have been swept away and demolished by the triumph of pure Bryanism and unmitigated 16 to 1 at the Kansas City convention. Anti-imperialism, militarism and the trusts were altogether overshadowed and forgotten until the real work of the convention had been done, and the empty declaration that imperialism is the chief issue cannot make it so.

The decision must be made, as it was made in 1896, between national honor and national dishonor, between ruin and safety. There is but one issue, and it is sharp and clear. We have full confidence that the American people will decide this question as they decided four years ago. For what he is and believes and for what he would do Bryan deserves and will encounter a terrible defeat. For his record and his achievements, for the qualities of character that make him an eminently safe president, for the prosperity of the nation, for its continued maintenance of the position it has taken among the nations of the earth during his administration, Mr. McKinley deserves and will receive a vote of renewed confidence and a re-election to the office he has well administered.

The Times will use its influence to bring about that result.—New York Times (Dem.).

## A DISCREDITED PROPHECY.

Not One of Bryan's Predictions Has Been Verified.

In 1897 Nebraska's surplus products represented a value of \$140,000,000. In 1898, under the twin policies of sound money and protection, they rose to \$187,000,000. This year it is estimated that they will exceed \$200,000,000.

Against these potent influences William J. Bryan, free trade and free silver must fight, not in Nebraska only, but all over the west. There is not a county, not a school district, in the western states in which Mr. Bryan's predictions have not been absolutely falsified by practical experience. Silver has been "dethroned." Gold has been "exalted." The free trade calamity tariff of Gorman-Wilsonism has been smashed and adequate protection has been substituted. Are the western farmers being "robbed?" Are they being "ruined?" Have the prices of their products fallen, as Mr. Bryan told them that they would fall if the country was not immediately given his panacea of 16 to 1?

Mr. Bryan enters upon this campaign a discredited prophet—discredited in his own state among his own people. It would not be strange if he failed to carry Nebraska. And it is certain the Republicans will win other far western states which they lost to the silver craze in 1896.—Boston Journal.

## Sound Money Democrats.

H. H. Hanna of Indianapolis, founder of the sound money organization in 1896, has this to say: "All the friends of sound money will enthusiastically cooperate to secure the success of the party which has responded to our appeals."

He also adds that the sound money plank in the Republican platform "will give the sound money Democrats something to hope for and work for in a continuation of the present party in power. It will arouse the interest of the business men and present an issue of the future which they can heartily endorse and actively support. I think the sound money Democrats, under these circumstances, will vote the Republican ticket, or, even if they do not care to do that, they will not go further than to refuse to vote at all."

## Naval Progress.

Since the 4th of March, 1897, congress has authorized the construction of 49 ships, with a total displacement of 245,484 tons. This includes eight battleships of the first class, six armored cruisers of the first class, four monitors and nine protected cruisers. There have been completed and placed in commission in the same time a total of 32 vessels, with an aggregate displacement of 52,681 tons. This is an unexampled record, and it could only have been accomplished by a Republican administration.

## Drummers and Tenets.

If the drummers should help elect Bryan and if it should be found that he couldn't do what bigger men than he haven't been able to do and if it should further be found that while Bryan's election didn't result in the slaughter of the octopus it did result in the slaughter of business generally, how would the drummers profit?—New Haven Journal and Courier.

## Our Exports.

Exports of agricultural products for the fiscal year just ended will exceed \$850,000,000. Of American manufactured goods the exports will amount to about \$430,000,000. Of the products of our mines, they will reach almost \$40,000,000. Exports of the products of our forests will amount to \$50,000,000.

## Two Tariffs Compared.

Under the operation of the Wilson free trade tariff for revenue only there was a deficit of \$108,000,000 in 35 months. Under the Dingley tariff for protection there was a surplus of \$46,000,000 in 32 months.

## MAY BUY TWO ISLANDS.

America Offers Spain \$100,000 for Cebu and Cagayan.

Madrid, July 23.—The cabinet is considering the proposition of the United States government for the cession of the islands of Cebu and Cagayan in consideration of an indemnity of \$100,000. The ministry regards the proposition favorably, and negotiations for a treaty of accord between the two governments are proceeding rapidly.

According to a Washington dispatch arrangements have practically been completed for the purchase from Spain by the United States of the islands of Cebu and Cagayan, which were left in Spanish possession by the treaty of Paris, although part of the Philippine archipelago. The purchase price was not made public.

## THE SEARCH STOPS.

The Right Thing Has Been Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says: "My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longed for and gratifying results. At last there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## NEGRO TRIES TRAIN ROBBERY.

Mask Slips Off While He Threatens the Express Messenger.

Atchison, Kas., July 23.—Just after the passenger train No. 1 left Atchison at 11:45 last night for the north, a masked robber entered the express car, covered John Kreiser, the messenger, with a revolver and demanded the contents of the express safe. Kreiser convinced him that the safe could not be opened until the train reached Omaha and after taking a silver watch from an express package, the robber ordered the messenger to apply the air brake. When the train slowed up half a mile out of Atchison the robber got off and escaped.

While in the car his mask slipped down and revealed the face of a negro. An hour later the Atchison police arrested a colored man, who gave his name as Davis, and he is being held. The man says he is from Denver. Kreiser will return here tonight to see if he can identify the suspect.
